

Said In Cypress

That we enjoyed the preview on Friday afternoon of the soon to be famous horse arena show at Knott's Berry Farm, almost as much as we did the finished production as presented on opening day. With the good Walter K. himself as narrator, how could we miss? There is a man who had a vision, and is still developing it 25 years later. Who can deny his dream to preserve the rich heritage of early California and western tradition has not come true?

That we were all sabotaged—all of us who fell for the "bet" gag that Evie and Thelma pulled. Their one desire was to determine just how curious we folk are. They should have saved that one for "people are funny."

That John Henry Ratliff, who is home from the seas visiting his mother, Mary Louise Graber, is giving us stiff competition with a small automotive affair in the "Junior" class. He'll have to paint it a brighter color before he bests us entirely, though. His ship, the Manchester, will be calling him back come January 8 and we will once again have a clear field.

That those who attended the parade in Pasadena are like those receiving new television sets or cars at the Yule season—you're too numerous to have mentioned all. All we know is what we read in the papers (someone else's) or somebody tells us. Is your name here? H-m-m-m-m?

Overnight Trip For Boy Scouts Is Planned

Joe Cram—6A

Cypress boy scouts met January third at the VFW hall. Scoutmaster Frank Troutman was not able to attend because he had to work late. M. R. Bouse who helps the scoutmaster, opened the meeting.

Scouts organized two patrols. One is the Beaver patrol and the other is named "Flaming Arrow". There are eight boys in the Beaver patrol and seven in the Flaming Arrow.

Boys in the Beavers are Harvey Green, Ray Decker, Ken Valentine, Jimmy Coffman, Mike Drake, Ernest Mata, Robert Mata and Joe Cram. Jimmy Coffman and Joe Cram are patrol leaders.

Flaming arrow members are Billy Kelliker, David Fender, Paul Morris, Mickey Gouyd, Buddy Chambers, Walter Bueck, Robert Lukens and Bob Troutman. Mickey Gouyd is patrol leader and David Fender is assistant.

There will be a short scout meeting Wednesday, January 6. It will be at the VFW hall and plans about a trip will be discussed. Mr. Bouse said that the scouts will leave the hall at ten Saturday morning, January 7. He brought the Boy Scout handbooks for each boy. There were four boy scouts from last year.

We realize that the Boy Scouts have had trouble getting organized during the past year and hope that they succeed in keeping on with their program this year.

DON'T THROW IT AWAY— IT'S STILL THE ENTERPRISE

This week's publication is our belated Christmas gift to you—our readers—the newspaper with a "new look."

Resolving that our advertisers shall have the best service that it is possible to give in the New Year, the change to a tabloid size sheet is made with their welfare in mind.

If you can't quite decide whether or not you like the old "rag" in its new dress, defer your judgment for a few issues. Give the backshop a chance to iron out some of the production "bugs," problems which cannot be avoided immediately in making a switch of this kind.

With the beginning of the New Year, and with a differently arranged newspaper to remind you, let's start it off right. Let's resolve to talk about "our town," and start out by patronizing the home town advertisers first. And when you see something you like in these columns, tell the merchant about it. He'll appreciate your thoughtfulness.

And after you've been surprised, pleasantly we hope, with this week's issue, and the shock has begun to wear off and you begin to take stock of the situation, just remember you're still getting your nickle's worth. In a new package—is the only difference.

Cypress Girl First To Wed In New Church

The former Dolores Marie Schantzen, daughter of Mr. and Mrs. Howard H. Schantzen of Cypress was married on Christmas day to Robert W. Turner of Santa Ana.

A small, semi-formal affair, only relatives and close friends attended. The bride's sister, Miss Phyllis Schantzen was maid of honor and James Coburn, also of Cypress, was best man.

The couple went to Arrowhead on their honeymoon, and are now residing at 504 North Glassell, in Orange.

Merchant Cagers Top Cotlers, 47-40

Never headed throughout the entire game, all of the Merchant team scored freely. Cypress led at the half 22 to 17.

Following Lilley for the evening's honors in scoring was Hoyt, who hit for 10 points. Lawrance had 8, Mene and Boyd, 4 each, Boeckler, 2 and Wright, 1.

Stewarts Add To Store Space On West Side

Edward T. Behrens, local contractor, announced in an interview this week that work will begin in February on a new subdivision for Cypress. Plans for developing the project have been held up pending permission of the Orange county planning commission.

A 33-acre tract of land west of Miller road and north of Lincoln Ave. will be subdivided into 118 lots. Twelve of these, fronting Lincoln, will be reserved for business purposes. The remaining 106 will be single-family residences. The street running east and west will be a continuation of Saint Ann Ave. Three streets north and south will connect this with Lincoln Ave.

Names have not as yet been selected, although Behrens states that he proposes to call one of them "Arnold Way."

It is planned to have the project completed by June, this year. The contractor has promised that curbing, paving and fire plugs will conform with county ordinances.

Behrens also revealed that ground was broken Tuesday for a new 80-foot front addition on the west to Stewart's Furniture store, 5051 Lincoln Ave. The enlarged quarters will provide the firm with much-needed display space.

'PARENTAL DELINQUENCY'

Most sociologists agree that when a child's footsteps stray into criminal pursuits, the parents are to blame.

Acting on the "parental delinquency" theory, Eugene, Oregon, is attacking the teen-age crime problem from a new angle. Under the terms of a new city ordinance, jail sentences and fines can be imposed on parents for the misdemeanors of their children.

Other cities certainly will watch the Eugene experiment with interest. Actually, the idea was pioneered successfully in a smaller Oregon community where in a two year period the delinquency rate dropped 90 per cent and a vicious teen-age gang was quickly broken up.

It would be hard to find parents anywhere who wouldn't agree they should teach their children respect for law and order, regard for the rights and property of others, and to strive to be a credit to the community. Eugene's idea is to nudge them to suit action to the word.—California Feature Service.

ALL IS NOT GOLD THAT GLITTERS

Because of a change in schedules the Rev. N. B. Herrell and his son, Ben, who were expected to conduct a Bible convention this weekend at the Cypress Church of the Nazarene, were present for services last weekend instead. The Rev. W. D. Howard, local pastor, leaves Sunday afternoon for Kansas City, he has announced.

I RISE TO REMARK

by John Phillips

An interesting change is taking place in these United States. It is a change in atmospheric pressure which would not register on a barometer. It is the "atmosphere" in the grass roots, about which I talked to you so frequently when I was home.

If you think these letters occasionally speak firmly on the subject of the administration's spending and tax programs, you should read the newspapers in the old Democratic South. As Mrs. Phillips and I drove across the country, stopping in various cities and reading the local papers, even we were astonished with the tone of the editorial pages.

Here's one from the Charleston (S. C.) NEWS AND COURIER. I print it in its entirety:

"UNDISPUTED TITLE"

"President Truman is now the acknowledged leader of the American High Tax Party."

The adjoining column had an editorial, raising the question why in times of prosperity and ease, if the welfare state is to be so desirable, crimes usually attributed to hardship and poverty have increased. I did not see an editorial supporting the present spending and tax program. When we got to Washington, the taxi drivers, who are the recognized sources of gossip on the Federal level, reported a marked change

in public opinion, adverse to the policies of the administration.

This is the "atmosphere" I talked about. You ask what to do, to help save the Republic from bankruptcy, with the inevitable loss of representative government. You wanted to know if you should write letters to your Congressman. I replied, (1) that I was your representative, and knew from my many meetings with you how you felt; (2) that when you wrote other representatives on such a general subject, the other offices promptly and properly put "refer to" tags on the letters and sent them to the office of the representative from the District in which you live, and (3) that too many people who now write such letters seem to think that is all they need to do, and go back again into the apathy from which they emerged momentarily. I said that when the "atmosphere" changed into grass roots, the men and women in Washington would know it very shortly and then, and then only, would we be able to stop the present trends of government.

Objectives

I rise to remark that I sense that the "atmosphere" is changing. It might be well to think again of the objectives of the men and women whose courage and sacrifices gave us this form of government. I quote the fol-

PLAN DINNER HONORING SENATE CANDIDATE DOUGLAS

There will be a dinner for Helen Gahagan Douglas, candidate for United States Senator, on Friday, January 13, at the Woman's Clubhouse, Baker and 6th streets, Santa Ana, California.

The meeting is sponsored by the Helen Gahagan Douglas committee for Orange county whose officers are: James E. Walker, Santa Ana, chairman; Emma A. Pellew, Anaheim, vice-chairman; and Burr Brown, Santa Ana, treasurer.

Reservations should be made by Wednesday, January 11, with one of the above named officers, according to Lester Van Tatenhove, secretary of the committee.

Following from a little bulletin called "Headlines" which comes, infrequently, to my desk: "It has happened before in history that people have been offered a choice between liberty and security. Whenever they have tried to make the swap, they have lost both. After all, Patrick Henry did not become a national hero by saying, 'Give me welfare or give me death.' That venerable building in Philadelphia's Independence Square, which cradled the Constitution, was never named 'Security Hall.' The great bell housed within it is not known to every school child as 'The Welfare Bell.'

PREDICTS PASSAGE OF VFW SPONSORED VETS BONUS

Relatives Visit From Phoenix In F. Noe Home

Mr. and Mrs. James B. Sutton and son, James Jr. and daughter, Miss Phoebe Jean Sutton of Phoenix, Arizona and the latter's friend, Duvall Cooper, spent the past weekend with Sutton's sister and brother-in-law, Mr. and Mrs. Frank Noe and family.

Miss Sutton and Cooper attended the Rose Bowl game Monday. He is a student at the University of California in Berkeley.

Uncle Sam Says

You are now at the half-way mark of this 20th Century. The past 49 years have witnessed momentous strides in science, medicine, engineering, in short, all phases of human endeavor. These have provided unlimited opportunities for my nephews and nieces, with openings galore for the practice of their skills and inventiveness. In addition, your government offers a simple, safe and sure method which insures future security for home and family through the purchase of U. S. Savings Bonds. By enrolling now for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan where you bank, you will receive \$4 for every \$3 in ten short years. Make the 1960's your goal for that future security.

Holiday Time For Pie

Photo by Jello Puddings

Serving pie for dessert is one of America's favorite habits—so much so that we say "As typically American as apple pie." Pies are especially traditional for holidays—Cherry Pie for Washington's Birthday and Pumpkin Pie for Thanksgiving.

Of course we must always have a Mince Pie for Christmas. The one pictured here—Mincemeat Cream Pie—is a new version of mince, with a layer of packaged vanilla pudding added to the top. There are other pies that gayly exploit the color-scheme of a special holiday, like the Christmas Delight Pies described below. Here the cherries are molded in red cherry-flavored gelatin, then a layer of lime-flavored gelatin is added, for a bright and colorful Christmas dessert. Bring on the pies—it's holiday time!

Mincemeat Cream Pie

1 recipe prepared vanilla pudding
1 tablespoon rum or 1/4 teaspoon rum extract
Three-fourths cup mincemeat
1 baked 8-inch pie shell

Prepare pudding as directed on package. Cool slightly (about five minutes), stirring occasionally. Add rum and mix well. Spread mincemeat in bottom of pie shell. Cover with pudding. Chill.

Christmas Delight Pies

1 No. 2 can red sour pitted cherries
1 cup cherry juice and water
1 package cherry-flavored gelatin
1 cup hot water
2 baked 8-inch pie shells
1 package lime-flavored gelatin
2 cups hot water
2 cups cream, whipped and sweetened
1 cup shredded coconut

Drain cherries well; reserve juice. Add enough water to juice to make 1 cup. Dissolve cherry gelatin in 1 cup hot water. Add cherry juice and water. Chill until slightly thickened. Then fold in cherries. Place 1 1/2 cups gelatin mixture in each pie shell. Chill until firm.

Dissolve lime gelatin in 2 cups hot water. Chill until slightly thickened. Spread a thin layer of whipped cream over firm gelatin layers. Cover with slightly thickened lime gelatin. Chill until firm. Top pies with remaining whipped cream and sprinkle with coconut.

Friends Visit From Idaho Falls In Sutton Home

Mr. and Mrs. Ernest Pickett of Idaho Falls, Idaho, have been guests in the Gordon Sutton home during the past week.

Friends of long-standing of Mrs. Sutton's, dating back to her residence in the Idaho city, the visitors were entertained with four days packed with sightseeing in Southern California.

Among points of interest visited were Griffith park, Forest Lawn, the horse show at Knott's new arena on opening day, and the Tournament of Roses parade in Pasadena.

Color Favored For Fixtures In Bathroom

Demand for colored bathroom fixtures has increased sharply since the war, says American Builder magazine.

"Not only are colored plumbing fixtures more popular today than ever before but there has been a decided change in color preferences," the magazine says. "Before the war, ivory was the most popular color. Today, tans, greens and blues are at the head of the list."

American Builder explains that the plumbing fixtures now available do not differ radically in design from those made before the war. However, styling and health-protective features have been improved, and faucets and valves have been made easier to operate.

"Attention has been given to the ability of separate fixtures to blend together and to fit harmonizingly into any decorative scheme," the building magazine adds. "Furthermore, this harmonizing of designs has been stepped down to even the moderately priced fixtures."

A safety measure adopted in recent years is the elimination of china faucet handles which are a hazard if they become broken or chipped. New fixtures have metal handles instead.

The preference for colored plumbing fixtures in the bathroom does not hold true in the kitchen. American Builder says plumbing dealers and builders have learned that the white kitchen sink is still favored.

You'll always have time for the things you want to do, with two of the biggest jobs in your home made easy. Millions of women are already enjoying this kind of freedom.

With an electric range, you prepare meals, put them in to cook—and go your way until serving time. And water heating requires even less attention than that, when it's done electrically. No testing, no patting the tank—just plenty of hot water all the time.

For better results with less work, let accurate electric controls do your watching for you. They never forget. Electric ranges and water heaters are completely automatic—and they're both as safe and dependable as electric lights.

YOUNG CITRUS TREES HARDEST HIT BY FREEZE

Young citrus trees were worst hit by the freezing temperatures of the last two weeks, the farm advisor's office estimates, trees one and two years old showing most effect of the frost's two recent visits to the district.

Many of these younger trees have been killed outright, and many more seriously injured, the farm advisor reports. Severity of damage was blamed on the sudden approach of cold weather. If there had been a gradual development of cold, the trees might have developed resistance and escaped more lightly, it was believed.

CHILDREN ON P.E. TRETTLE ENDANGERED NEAR COMPTON

COMPTON — Children playing on a Pacific Electric railway trestle on S. Willowbrook avenue, near Compton, almost caused repetition of the recent Buena Park child death tragedy, police said Thursday.

The P.E. train narrowly missed striking two youngsters and came to a stop to avoid hitting others, company officials reported to police. Officers hurried to the scene, where they warned the children that trestles are a poor playground and sent them home.

CYPRESS LOCALS

Visitors in the R. L. Miles home on Crescent Ave. Sunday were his brothers and sisters-in-law, Mr. and Mrs. Courtney Miles and Mr. and Mrs. Roy Miles.

Mr. and Mrs. K. D. Tillema and children Jackie, Dickie, Jimmie, Harold and Diane and Mr. and Mrs. L. Vos and children, Marlene, Beverly and Gerrit motored to Big Bear on Monday. They were forced to return home early, however, because of the snow and a blizzard.

A group representing the Women's missionary council of the local Assembly of God church visited Wednesday in the Ward's orphanage on Manchester Blvd., south of Buena Park. The pastor's wife, Mrs. Clarence Eigenhuis, was unable to be present because of the illness of the couple's small daughter, Sandra.

Hoping for a quick sale of their property here, Mr. and Mrs. Bart Highland and family, 5592 Saint Ann Ave., will leave soon for Akron, Colorado, where he will be self-employed. Highland is now employed as a blacksmith at the naval shipyard in Long Beach.

Among those from Cypress who attended the opening show at Knott's Berry Farm Sunday afternoon in the new horse arena were W. J. "Slim" McCoid, Gerrit "Slim" Plantinga, Mr. and Mrs. Milam Williams, Mrs. John Thomas and Mr. and Mrs. John Puls, Carroll Qualls, Dale Kroesen and Miss Beth Kroesen.

Mr. and Mrs. William Boeckeler, 5632 Saint Ann, entertained her parents, Mr. and Mrs. R. O. Randall and her sister, Mrs. Jesse Vaughn and Mr. and Mrs. Harry Mainard on New Year's. Guests enjoyed the host couple's newly installed television.

Jody Montgomery, daughter of Mr. and Mrs. William Montgomery, left Sunday for Boulder, Colorado, where she will resume her studies at the University of Colorado. The Montgomerys operate the Cina-car "drive-in theatre."

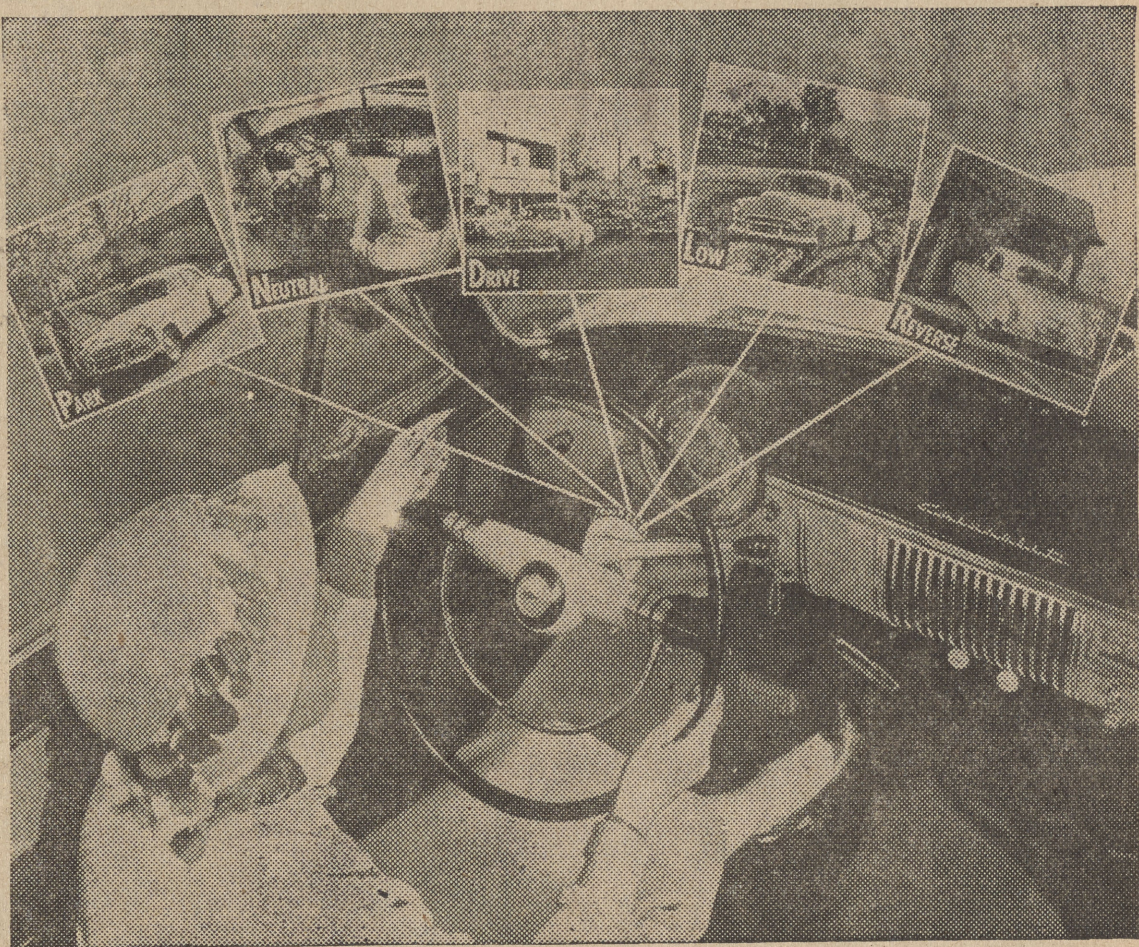

County employees did Cypress a big favor this week when they cleaned parking and curbs of an accumulation of dirt and debris along Lincoln Ave.

Mrs. Ruth Goodenough of Stockton has been visiting in the home of her sister and brother-in-law, Mr. and Mrs. Ray J. Edwards on Camp St.

Mr. and Mrs. Jack Junker and two children, Virginia and Donnie, motored to Riverside Monday to visit in the home of friends, Mr. and Mrs. Jim McDowell.

Bill Gustosky spent the past weekend in Vista, where he visited with Miss Maude Tucker, formerly of Garden Grove.

New Chevrolet Powerglide Simple to Operate

Performance of the 1950 Chevrolet Powerglide, first automatic transmission in the low-price auto field, is illustrated by the five small pictures set over the controls. When the pointer is positioned at "Park," wheels are locked and the car cannot roll. "Neutral" is an idling position or for starting the engine. When the lever moves

the pointer to "Drive," forward momentum is entirely dependent on accelerator pressure. "Low" is for emergencies, as in deep mud or snow. In addition to backing, the "Reverse" position gives quick response when conditions make necessary the "rocking" of a car by shifts from low to reverse.

Thousands Witness First Horse Shows at Knott's New Arena Sunday

Real western cowboys, beautiful horses, lovely bareback riders and even chariot races combined to make the opening days of the Mark Smith Horse Show at Knott's Berry Farm a resounding success. Thrilling the spectators in the 3,000 seat arena from start to finish, the fast-paced performance featured Mark Smith and his horses, including every type from the western cow pony to Arabian stallions and circus ring horses.

Smith is widely known over the country as a top trainer of horses for the movie industry and also for large circuses. His trained stock horses are used on ranches all over the west. He has produced shows for many years at Kellogg's Arabian Horse ranch near Pomona.

Guest stars present to add thrills to the opening shows were Montie Montana and his family, Don and Hope McLennan and Zeke and Cele Bowery, all friends of Mark Smith and famous in riding circles.

Included in the hour and 15 minute show were a ballet on horse back, a checkerboard liberty horse act featuring six black and six white horses, which found their places in proper order, spelling out "Happy New Year." An Australian bull whip cracking act followed a teeter board acrobatic act by the Mon-Zello troupe which includes Smith's son, Jay.

A fast trotting horse and

sulky circled the track in an exhibition of rhythm and speed. As a diversion, Zeke Bowery, well known rodeo clown appeared at intervals with either his Shetland pony or his Dalmatian dog.

Exhibitions by many Smith trained horses were featured and to add a thrill for good measure, a chariot race between two beautiful girl drivers drawn by pony teams brought the spectators to their feet.

Walter Knott, in acknowledging introduction, proclaimed the new arena and the show, another step in preserving the traditions of the old west. In part, he feels the show will be a fitting tribute to the part the horse played in opening up the west.

Permanent members of the horse show personnel are Mark and Stella Smith and their sons, Harold and Jay, Skeeter Smith, Jemy Gurney, Adrienne Dawn, Johnnie Johnson, Hank and Christine Monzello, Rex Johnston, Paul Bird, Tina Davidson, Buddy Farren, Hank and Betsy Ross. Announcers were Chuck Parkison and Bill McCoy.

SHERIFF DESTROYS 47 SLOT MACHINES SEIZED IN RAIDS

Sheriff Jim Musick got a big payoff from the slot machine racket last weekend.

It isn't what it sounds like.

The sheriff and his men were merely destroying—with sledge hammers — 47 slot machines picked up in raids of the last two and half years here and there in the county. The payoff was in the form of \$1404 in nickels, dimes and quarters, found in the one-armed bandits. The sheriff turned the money over to the county treasurer, who deposited it in the county's general fund, as provided by the law which authorizes the destruction of seized slot machines.

Slot machines smashed this time, represented a value of about \$30,000 in gambling equipment, it was estimated. They had been gathered in on raids since May, 1947.

How overseas service puts the world by your telephone

1. For doing business and keeping in touch with friends, overseas telephone service has become an everyday tool. In its twenty-two years, the calling rate has jumped from about 2,300 calls a year to 600,000. Today, your voice can be sent over short-wave radio to ninety-four per cent of the world's telephones ...over circuits as long as 8,000 miles.

3. In 1927, the lowest overseas rate from the West was \$84.00. Now the maximum to most countries is \$12.00 (plus tax) for three minutes. Many calls cost less. Making it possible to call almost anyone, at low cost, is another way we've made your telephone more valuable.

2. Skilled technicians in the circuit control room keep constant watch on their equipment to make sure your voice can hurdle the earth and still sound about as clear as a cross-town call. And overseas service is easy to use. Your Long Distance operator will give you the rates, the best time to call ...and set up an appointment call for you if you wish.
